

Engagement Delivery Platform

We help companies source, send, and centralize direct mail, swag, gifts, notes, and anything else

Send Anything, Anywhere

Sendoso stores and manages your company swag, customer gifts, dimensional mailers, etc and gives you instant access to send with a click of a button.

Global Fulfillment Program

- Sendoso stores and manages your company swag, customer gifts, dimensional mailers, etc and gives you instant access to send with a click of a button
- Real-time delivery and inventory alerts

Manage Inventory

- Keep track of your company swag in real-time
- Set inventory alerts

Measure your Engagement Success

Sendoso has seamless integrations into Salesforce, Engagio, Marketo, Eloqua, HubSpot, Pardot, and other tools in your tech stack. These simple integrations can be setup in 5 minutes or less and allow for a full view of direct mail campaigns and for multi-channel outreach.

Salesforce Integration

- Send directly from within Salesforce with a click of a button
- Setup triggers or campaigns to auto send based on rules
- Automatically logs as an Activity in Salesforce and tagged to a Campaign
- Get real-time delivery notifications

Manage Inventory

- Manage all your outreach from one platform
- Setup new Touches instantly for handwritten notes, eGifts, custom gifts, direct mailers, 1-to 1 gifts, and more

Drive Outreach as a Team

Sendoso is easily adopted by entire organizations, easily manage a team of users and assign budgets and gifts/items to groups.

Teams

- Centrally manage a team of users and assign gifts/items to different groups
- Set sending limits and budgets, have rollover or monthly limits
